## Our Largest Multi-Option System

Our largest footprint flat and insert system, measuring 10 7/8" x 21 1/4".

All A Series inserts have a variety of compatible A Series flats to meet any planting requirement, including Press-Fit square pots, and feature the following for greater efficiency and yield:

- Instant two-finger de-nesting, insert after insert
- Consistent cell thickness, producing uniform strength throughout the entire insert and preventing a paper-thin bottom
- Easy pack separation, due to clean and consistent trim with precise serrations
- Uniform drainage holes and channels for complete and even drainage of the cell

At 10 7/8" x 21 1/4", our A Series flats and inserts represent our largest multi-option footprint system, offering the greatest versatility.

Square Press-Fit pots are available in the A-Series footprints.
